Disciplinary Procedures following Non-Conformities by Instructors

The IPAF Training Committee has issued the following clarification in the event that the Auditor issues an IPAF Instructor with non-conformities, following an unannounced/surveillance audit:

The International Training Manager will be informed of the non-conformities and will decide on a case-by-case basis if the Instructor needs to attend an instructor workshop.

In the event that the Instructor is required to attend an instructor workshop and fails to do so, the Instructor's licence could be removed until he/she has completed an instructor workshop.

Serious or continued non-conformities could result in withdrawal of the Instructor's IPAF Instructor licence.

Further information can be obtained from the UK Training Administrator.
