

## Membership Services

# Online meetings made easy and cost-effective

MegaMeeting is a revolutionary video and web conferencing service that IPAF uses to communicate with its members and staff. You can see and talk to people all over the world without any travelling time and expense, and decrease your carbon footprint.

The possibilities are endless. People are using MegaMeeting to hold webinars, to demonstrate products and services to clients, to conduct staff training sessions and even to perform after-sales servicing.

*Sign up for a free demonstration today, see overleaf.*

What can MegaMeeting do?

- You can see (up to 16 people at once), talk to and instant message other attendees.
- Share applications, examine common documents and show PowerPoint presentations to all attendees.
- Four versions to suit any size company.

Other benefits

- Browser-based, so no need to download and install complicated software or buy expensive equipment.
- Online meetings can help raise efficiency, improve teamwork and impress new clients.

More details see overleaf or

## IPAF recommends MegaMeeting

IPAF uses MegaMeeting regularly for committee meetings (particularly when members don't have time to travel), for maintaining contact with country representatives and for internal staff meetings.

### What you need to get started

All you need is an Internet connection as MegaMeeting works on all browsers and operating systems – it works on MAC, Windows or Linux. We recommend using standard webcams and USB headsets to use the free, built-in Internet audio VoIP (Voice over Internet Protocol).

### **Free demo, and save 40% if you proceed**

Sign up for a free demonstration session by contacting James Salisbury of MegaMeeting on +44 (0)1273 900710 or [jrs@megameeting.co.uk](mailto:jrs@megameeting.co.uk) and quoting your IPAF membership number.

IPAF members now only pay £495 for the MegaMeeting set-up fee, which includes a customised HTML skin (normal price £825).

*Special IPAF Member offer runs from 1 December 2010 until 28 February 2011.*

**The world authority  
in powered access**
